

# Khaled Shadid

Full Stack Web Developer & Data Scientist

Amman, Jordan | [khaled\\_shadid@yahoo.com](mailto:khaled_shadid@yahoo.com) | +962799940145

## Professional Summary

---

Web Developer and Data Scientist with a strong foundation in Computer Science. I specialize in building efficient web applications and intelligent systems using Python, JavaScript, React, and Node.js, all guided by solid UX/UI principles. I am excited to apply these unique skills to a forward-thinking trading company to deliver high performance solutions that enhance user experience and optimize critical systems.

## TECHNICAL SKILLS

---

- Programming Languages : Python, JavaScript (vanilla,ES6+), jsx , c# , Dart
- Web Development: HTML5, CSS3, React js, Node.js, Express.js, Asp.net , Bootstrap
- App Development: Flutter
- Data Science & ML & DL: Pandas, NumPy, Scikit-learn, TensorFlow, Matplotlib, Seaborn
- UX/UI & Design: Figma, Wireframing, Prototyping
- Databases: MongoDB ,MySQL
- Concepts: Algorithms, Data Structures, Software Architecture, Agile, Statistical Analysis

## Professional Experience

---

Web Developer & Data Scientist (Freelance)

June 2025-Present

Self-employed | freelance

- End-to-End Web Development: Architecting and deploying responsive, high-performance websites from initial concept to final production, ensuring 100% alignment with client business goals.
- UI/UX Design & Prototyping: Transforming complex ideas into intuitive, user-centric interfaces using Figma to enhance engagement and streamline user journeys.
- Data-Driven Solutions: Analyzing large datasets to uncover trends and correlations, providing clients with actionable insights to optimize their existing operations.
- Applied AI Integration: Designing and implementing Machine Learning and Deep Learning models to build intelligent systems that automate tasks and improve decision-making.

Casher	June 2021 – Aug 2024
Carrefour hyper market	Irbid
<ul style="list-style-type: none"> <li>• Processed an average of 300+ customer transactions per day accurately, maintaining a balanced cash drawer at the end of each shift.</li> <li>• Efficiently managed checkout operations, reducing customer wait times by proactively opening additional lanes during peak hours</li> <li>• Recognized as 'Employee of the Month' for exceptional problem-solving skills and dedication to team success.</li> </ul>	
Shift Supervisor	June 2019 – Aug 2021
mecca market	Irbid
<ul style="list-style-type: none"> <li>• Leadership: Manage, schedule, and mentor the team, fostering a collaborative team environment.</li> </ul>	
Casher	SEP 2017 – JUNE 2019
Al qostas market	Irbid
<ul style="list-style-type: none"> <li>• Processed complex transactions and served as the primary point of contact for customer service escalations.</li> </ul>	

## Projects

---

### The Smart Notification Manager: AI-Powered Notification Prioritization | Graduate Project

- An AI-driven application designed to combat digital distraction by intelligently categorizing notifications into Urgent, Important, and Low-Priority levels.
- Engineered a machine learning model using Python, NLTK, and Scikit-learn for Natural Language Processing (NLP) and classification, achieving high accuracy in prioritization.

- Implemented a real-time notification interception system and developed a user-friendly interface with color-coded alerts for quick visual identification..
- **Technologies:** Python, NLTK, Scikit-learn, TensorFlow, Pandas, NumPy

## Education

---

BS: Computer Science JUNE 2021-DEC2025  
Al-Yarmouk University  
• Graduated with “Very Good” Honors

## Certification & Training

---

- Full Stack (MERN):Digital Opportunity Trust (DOT) Jordan & UNICEF (Sep–Dec 2025)
- UX/UI Design :Zain Telecommunications Company (Oct 2025)
- Artificial Intelligence :SDK Training Academy (Jan–Aug 2025)
- Soft Skills : Orange Telecommunications Company (Sep–Oct 2025)
- Introduction to Freelancing (Upwork) : Digital Opportunity Trust (DOT) Jordan (Dec 2025)
- Full Stack (ASP.NET) :Orange Telecommunications Company (Expected 2026)
- Computer Maintenance :American British Training Academy (May–Jul 2024)
- Full Stack (MERN) : SDK Training Academy (Feb–Dec 2023)
- Create resume :Nahno Training Academy

## Languages

---

- Arabic :( Native)
- English: (Professional Working Proficiency)
